

Pool Club - Band Hire Information Sheet 2024

About Us

Pool Club are a four-piece Britpop / Alt-Rock group hailing from the South East coast. The band perform both originals, and a large number of varied covers, including many 'pub classics'. The band began performing live together in May 2023, and since then have built a strong local following.

Setlist

Our standard setlist consists of two halves, with a half hour break in between. Totalling in around 2 hours. This includes a handful of our own original songs, alongside well known covers by bands such as Oasis, The Killers, Arctic Monkeys, Madness and Pulp to name just a few.

Setup & Soundcheck

Prior to the performance, we will need access to a suitable location where we will set up our equipment, before performing a quick sound check to ensure that everything sounds ok. We normally aim to arrive an hour and a half to an hour prior to the showtime to do this. If a specific setup time is required, please let us know well in advance.

During the Break

We like to take a break halfway through our set, we do this so that the audience gets a chance to go to the bar and buy drinks, go outside for a smoke etc. This is factored into our 2 hour time slot as mentioned above. If this will be an Issue, Please let us know beforehand, and we can discuss alternate options. Normally, we will play music through our PA during the break, please let us know before the event if you would prefer to use your own music.

Noise Levels

Please note, as a live band, we perform at the db level of a live music ensemble. We are aware that in a lot of venues, there is a db level limit and we do our best to be cautious of this. Please let us know if you have any

Pool Club - Band Hire Information Sheet 2024

concerns regarding noise levels when booking, we will try our best to accommodate these, where possible.

Scan the QR Code on the right to find our social media pages, Streaming services and video from one of our live performances:

Packdown & Additional PA Rental

After our set is finished, we will begin to pack down equipment. If you require use of the PA after the band have finished performing, please let us know when booking, as this can be rented at additional cost.

Set Advertisement

In the lead up to all public events put on by Pool Club, we will post on our social media, and share event details on both our band account and personal private accounts, to maximise the turnout within our fanbase.

Booking Grace Period

We understand that fans don't want to see the same show twice in short succession. Once booked, we will endeavour to avoid playing any shows at a nearby venue in your town the week before and the week after your event.*

Standard Pricing

The cost for our standard setlist, as noted above, is £300 for public gigs. This price covers our time for setup, performance, packdown, kit wear and tear as well as any travel.
